

The image shows the exterior of a single-story building with a light-colored, textured stucco finish. Large, dark, three-dimensional letters spell out "CENTRAL UNION ADULT SCHOOL" along the upper part of the facade. Below the signage, there are several large, rectangular openings that serve as entrances. To the right of the building, several tall palm trees stand against a clear blue sky. A red vertical line is visible on the far right edge of the image.

To Be Determined

The administrative team of CUHSD is proposing the establishment of a new “virtual” high school within the Central Union High School District family of schools.

This new 100% online high school will fill a gap in our instructional services by providing an alternative pathway to an accredited diploma, meeting the current graduation standards of the CUHSD.

This school will support retention of students in our LEA who might otherwise elect to transfer to SIA Tech, Freedom Academy, or other virtual high schools.
