CUHSD Annual Student Data Request

Thank you for your assistance with this on previous years, it is of utmost importance, and very appreciated. This year we are requesting this same data, and this document has the intention of facilitation or refreshing the process to do so.

As a quick note, we would like to mention one thing: On all data extracts, the most important thing we need to have is the Student's State Id, it's the only way we can match and add data to our system. We request Demographics, and any English and Testing Information available.

You can access our data template using this link:

<http://www.cuhsd.net/Departments/Educational-Services/Data-Reporting--Resources/Feeder-Schools-Data-Request/index.html>

Or, you can go to our website www.cuhsd.net and follow the following menu path:

There, you can download the file template, and send it to me when it ready to gmora@mycuhsd.org at your earliest convenience.

Thank you in advance for your assistance this year. Have a nice Second Semester.
